

Our Lions President James Harrison met with Keith Ace Hardware in Belton (keep it local) about the lights ... and these are the ones that are least expensive and will work with our flag poles ... once you get it, either you can install it; or let us know; and your Route Team will make arrangements with you to install it for you.

Any time that the flags becomes tattered or worn, just contact me and I will have one of our member come out and replace it.

8012967 Valley Forge 6.69 inch plastic flag-pole light (to fit 1.25 inch diameter pole.)

Hardware is included. Color is black. Solar powered.

UPC: 093581267757
