a Bunch!**

## ABOUT THE FOUNDATION

Eldred's Nursery Foundation was established January 1, 2017 for the purpose of **offering job training for individuals with disabilities.** This begins as the trainees transition from high school to adulthood. Learning job skills allows for these young people to enter the communities' job market by learning job skills in a "no fail" atmosphere. As independence emerges and increases, feelings of self-worth for the trainees also becomes evident. Real experiences in a workplace with trainers who establish individualized goals and objectives, enhance the learning experience.

As a nonprofit organization, Eldred's Nursery Foundation is not only dependent on sales of their plants, shrubs, and trees, which trainees care for, but also on donations, grants, and gifts.

**"Where flowers bloom,  
so does hope."**
